## TRICK Racing Gasoline

The gasoline that has been the front runner in more than 15 million miles of championship competition. Ideal for all forms of motorsports including circle track, endurance, off-road and water sports. Meets the needs of 95% of motorsports applications. Excellent throttle response and cooling qualities.

### Typical Properties

Research Octane (R.O.N.)	114
Motor Octane (M.O.N.)	106
Anti-Knock Index (R+M/2)	110
Reid Vapor Pressure	6.9
Distillation Curve (°F)	
-Initial Boiling Point	97
-10%	147
-50%	211
-90%	232
-End Point	291
Specific Gravity	.72
Color	Blue
