## TRICK Turbo Racing Gasoline

Specially formulated to meet the unique needs of high compression ratios and high cylinder pressures. Suitable for turbocharged and "blown" engines. TRICK Turbo is engineered to provide superior throttle response while burning exceptionally cool and clean.

### Typical Properties

Research Octane (R.O.N.)	119
Motor Octane (M.O.N.)	109
Anti-Knock Index (R+M/2)	114
Reid Vapor Pressure	6.1
Distillation Curve (°F):	
-Initial Boiling Point	93
-10%	155
-50%	205
-90%	235
-End Point	241
Specific Gravity	.73
Color	Green
